

I understand that you have a sore foot, would that be right.

BRIDGETT Yes.

How did you receive the injury to your foot.

BRIDGETT When I was in work.

When did you receive your injury to your foot at work.

BRIDGETT A couple of weeks ago.

A couple of weeks ago would have been, a couple of weeks ago today would have been the night of this event, it would have been.

BRIDGETT No it would have been.

Would it have been before it or after it.

BRIDGETT It would have been after it probably, I don't know.
