

158. [REDACTED]

I refer you to enclosures at 158A.

It would appear Chief Inspector Bradley conducted discipline interviews of R/Constable P40 and Constable Neill on 1 December 1999 and 20 December 1999 respectively. Both officers merely authorised the use of previous evidential submissions for disciplinary purposes.

R/Constables Atkinson and Cornett are currently on sick leave and an approach has been made to the FMO regarding their suitability for interview.

Statements pertaining to Press Releases are to follow.

CONCLUSION

I suggest you speak to Chief Inspector Bradley regarding your attendance at any further police interviews.

GREG MULLAN

159. I did not wish to put any further queries to any of the officers involved in the circumstances & did not intend to report on the interviews. However, I had not communicated either of these points to C/I Bradley. Just as well both of them were negative.
