22. FILE NOTE

At 11:20 AM on 5/6/97 Diane Hamill telephoned the Commission's Offices and was put through to myself. Ms Hamill asked me if the officers under investigation had been suspended. I replied to the effect that I was not aware this was the case but that she would need to confirm same with the R.U.C. I explained to Diane Hamill that the issue of suspending officers was a matter for the Chief Constable and not for the Commission.

Ms Hamill thanked me and terminated the telephone call.
