

Mr Kitson

We met on Wednesday 15 April 1998 at 3.30 pm with [REDACTED] to discuss the content of his minute in relation to the screening of R/Constable Atkinson.

After some discussion I have concluded that a screening application should not be made. The threat to R/Constable Atkinson is not developed sufficiently in the papers submitted to meet the criteria in Taylor's case. Further R/Constable Atkinson is in a similar position to many other police officers in giving evidence; and finally I understand that the defence has summonsed two other police officers from the same vehicle as witnesses for the defence. I also simply record that [REDACTED] and yourself agreed with my decision.
