

STATEMENT OF DEAN SILCOCK

Whilst doing this manoeuvre I put my hand up his back and noticed that he was now rasping for breath. He was placed front down and his head was turned to the side. I kicked glass away from his head area. His cousin remained with him. Before, during and after these actions I was pushing people away from the injured men as they appeared to be trying to kick them but were prevented in doing so. With the two injured men party there was a male youth in a grey Umbro sweatshirt. He appeared to be intoxicated and in a very aggressive and irate state. He was verbally abusive to myself and other Police. He was running between the two injured men cursing and interfering verbally with myself. The ambulance arrived and the two injured men were placed into it. I assisted with lifting the stretcher with Robert Hamill on it into the ambulance along with a Paramedic. After the fracas was over Sergeant P89 and myself made our way over to Craigavon Area Hospital. We again met E Robert Hamill's cousin and the youth in the grey Umbro sweatshirt. I asked the two women the injured men's names, address and conditions. Whilst doing this the male youth became aggressive and shouted, "What the fuck are you doing here." He started to walk towards me when Mr Hamill's cousin grabbed him and hit him at the back of his head and told him to clear off which he did. The women gave me the information I requested and both women thanked me. Sergeant P89 and I left the Craigavon Area Hospital. I had no further dealings with these 3 persons.
