INFORMATION

he doesn't believe it was made in silver however he must be sure. He believes the company went out of business but he is endeavouring to locate a brochure with pictures etc on it. Regarding a silver coat with orange stripes he believes he believes that the only one similar to that was called a shank valued at \$80.00 for 90.00 pounds which was similar to a tunic top. He is endeavouring to locate a brochure, catalogue with these details.
