

LUNT I forgot to mention one other person that I met when I was on my way down. A wee fella called Simon McNally.

Whenever you were walking down the street towards the crowd.

LUNT No whenever I went down into the town centre.

With all the girls.

Yes. At what point, where was he.

LUNT I forget where he was standing but I remember meeting him.

Where's he from.

LUNT He's from [REDACTED] as well and he was also with me when I was arrested.

Did he join your company.

LUNT Yes.

And walked in from [REDACTED] into.
