

STATEMENT OF G

he ran past he put the boot in. He didn't say who he put the boot into or how he put the boot into them. He didn't say if he connected with anyone. The way he said it I took it to mean that he did it as he was running past and he wasn't part of it, it was like an opportunist thing on the way past, he was telling us it like as if he had a swipe on the way past the crowd. Timothy didn't say anymore about it to me. I got Squawker into the kitchen and said to him that we better go and tell someone about this. We didn't ask Timothy any questions. We left at the earliest opportunity and went to Portadown Police Station and both Squawker and myself went to the CID office. Squawker knew the D/Inspector in CID and I remember we met him in the corridor. Squawker said to him could we have a word with you and I remember he took us into his office. I remember that Squawker did the talking and while I can't remember exactly what Squawker said I remember he that is the D/I took us to a person who I think was a D/Superintendent and again Squawker spoke to him but I couldn't recall any of either conversation. At the time I didn't know his name but I have since learnt the D/Inspector was D/Inspector Irwin. I don't know the D/Superintendent's name but he was stocky to well built with greying hair. I didn't make a note of this conversation with Timothy Jameson. Since I spoke to D/Sgt H on Wednesday 29th November 2000 I have had time to recall this incident in 1997. I can't recall exactly when Timothy Jameson told us this. I don't think he told us this immediately after the incident and I don't think he told us this a week or two weeks after it and I would only be guessing to try and say when but I think it was before Drumcree 1997.
