

- 45. I would not have committed myself to any conclusion until I had the results of Dr Herron's work.

- 46. I have no recollection of speaking to the police at any other stage but it would not be unusual to be contacted while an investigation was ongoing. I was aware of the allegations made against the RUC in connection with this case at the time of the autopsy but this was not a matter of interest to me, my concern was to establish the cause of death.
