

they got to the scene of the fighting he saw Allister Hanvey standing back watching the fight. Robert told me that Allister was either drunk or high on drugs so he told him to "fuck off home out of the road". Allister apparently stood and argued with Robert for a while.

9. I have set out both conversations in my statement of 9 November 2000, containing page numbers 17392 to 17394. I do not recall discussing any of that with Michael McKee. He did phone me at the prison occasionally but I think those telephone calls were about the Tae Kwon Do Club; it was nothing to do with Allister Hanvey. I cannot remember if I ever spoke to Michael McKee about the incident itself but I do recall being told that Michael and Andrea McKee had been instructed to burn Allister's clothes. I cannot remember who told me that but I think it was during the time Allister was in prison.

10. I did not know that Michael and Andrea McKee were later convicted of perverting the course of justice but I have not seen or spoken to the McKees or Robert Atkinson since I left the Club in 1997.
