

STATEMENT OF WITNESS

STATEMENT OF BOON LOW

DATED THIS

DAY OF

2008

I, BOON LOW, declare that this statement is true to the best of my knowledge and belief and I make it knowing that if it is tendered in evidence at the Inquiry, I will be liable to prosecution if I have wilfully stated in it anything which I know to be false or do not believe to be true.

1. The Inquiry has disclosed a number of documents to me. Where I make specific reference to a document in my statement I have given the number of the relevant page.
2. On the night of 26/27 April 1997, I was the Senior House Officer (SHO) on duty in the Accident and Emergency (A&E) department at Craigavon Area Hospital. I was the only doctor on duty in A&E that night. I do not recall when my shift started or when it ended and I do not recall whether the night in question was busy.
3. I can confirm that the notes contained at page 38677 are mine and that it is my signature next to "Dr. Sig:" on the form. The notes give a time of 0215 which is when I wrote them up. These notes states that Mr Hamill arrived at the hospital at 0206 on 27 April 1997.
4. Mr Fannin states in his discharge summary contained at pages 38551 to 38552 that Mr Hamill was brought in by ambulance at 0245 on 27 April 1997. I am unable to explain why Mr Fannin gives this later time. The triage form at 38972 gives the time as 0205 and the A&E notes at 38677 say 0206.
